Who are we?

This webshop is being run by World Wide Cycling (Stichting) a foundation registered in the Netherlands. The main task of World Wide Cycling is organizing the Trek - Marco Polo Cycling Team and other international cycling projects. We also offer the sales in this shop. Sometimes the confirmation and shipping of your order can have some delay due to the other commitments from our staff.

Confirmation

Usually you will get a confirmation of your order within one week. If you don't receive your confirmation within 2 weeks place the order again or send us an e-mail using the form at the contact us page.

The same thing counts for receiving the shipping confirmation after we should have received the payment.

Shipping fee

There is no additional shipping fee. The prices include shipping worldwide! We will send your package by normal mail to the address you confirmed as shipping address. There is no tracking code or insurance on the package. And we don't take liability. But don't worry from the almost 1000 packages we send this way past 5 years only 2 were reported missing.

We also offer registered mail for aditional 15 Euro. To the USA this is advisable because normal mail takes about 4 to 6 weeks to the USA. Registered mail usually takes less then 2 weeks. Normal mail takes about 4 to 6 weeks to the USA.

How long does it take?

The time the package takes from posting to your address depends on your countries postal service. Within the Netherlands it usually gets there the next day. Within Europe it usually takes 3-5 days. But some European countries are some slower. Outside of Europe there are many differences. USA is pretty slow (4-6 weeks) therefore we advise registered mail to the USA (additional 15 Euro) which usually takes less then 2 weeks (normal mail takes 4 to 6 weeks!), Canada much faster (7-10 days) and China is really fast (like our riders) 5-8 days. Most other countries take about 1-2 weeks, sometimes up to one month and one package ones took 3 month to reach the customer (in Bangladesh).

Normally we ship the packages about once every week.

Sizes

Make sure you choose the right size. You can do this by checking the experiences from others at the bottom of this page. Here they inform

their length and weight, which sizes they wear and how they fit.

Change clothing

If you accidentally want to change your clothing, we will do this, but only if the clothing is still new and not worn. You will need to take care of the extra shipping cost. We don't refund money. You can either choose another size or item or keep the value as credit for your next order.
